## CANAL POINT

Mrs. Clifford McClelland drove to Frostproof Wednesday and returned Thursday. Fred Reynolds accompanied them to Sebring where he will remain a few days.

Mrs. Martha Sutherland is visiting in Ocala, Dade City and other points north. She is expected to return soon to Canal Point where she lives with her daughter, Mrs. Clifford McClelland.

Curly McClelland returned from Miami Wednesday where he has been working.

J. E. Chestnut, who farmed at Canal Point last year, was in Canal Point Thursday to get a representative for Allison & Company, commission merchants. Mr. Chestnut went to Clermont, his old home, when the flood came on in September and is making his headquarters there until he can return to the lake region.

The mail boat did not go out Thursday morning because the lake was still rough.

J. C. Cone served on a jury in West Palm Beach. Other residents of East Beach also were called to the county seat on court business.

## PICKETT-BELL

A quiet but impressive wedding was solemnized at eight o'clock Thursday evening, October 16, at the home of Lake Boyd in West Palm Beach when Miss Edna Bell of Pahokee became the bride of John T. Pickett of Belle Glade. The impressive ring ceremony was performed by Rev. J. T. Britton of the First Presbyterian church.

Miss Grace DeLore was bridesmaid and Lake Boyd acted as groomsmen. The bride wore a beautiful gown of blue tulle and carried a lovely bouquet of American Beauty roses. The groom was attired in the conventional black.

Mrs. Pickett is the eldest daughter of Mr. and Mrs. Ira Bell of Pahokee. Mr. Pickett is a well known engineer and has been connected with the county engineering force for the past year in charge of road construction in the Everglades.

Among those who witnessed the ceremony were Mrs. Betty M. Boyd, Lake Boyd, Miss Grace DeLore, Mr. and Mrs. Alex O. Taylor, Bob Glover, Walter Jolly, Jim Ferguson, Mr. and Mrs. F. W. Cross, Mr. and Mrs. W. J. Sellers, Miss Margaret Shaler and John R. Becham.

The happy couple left Friday morning for an extended motor trip through the southern states.

## Notice To Farmers From the Flooded Area

The Dairymen and Farmers Land Company, Okeechobee, Florida, is in position to offer you a truck farm on a share crop basis or otherwise. They will furnish the land; have it prepared and fertilized and also furnish plants and seed and other necessary farming equipment if you will get in touch with the above named organization. The above proposition is for actual dirt farmers who want to begin farming immediately, and those parties interested can get proper information through the employment division of the Chamber of Commerce of the Okeechobee Chamber of Commerce, or the Okeechobee County Agricultural Agent, or apply at Farms 2 miles north of City.

## PEOPLE FLED ON STORM WARNING

Fear of High Level of  
Lake Demoralizes  
Occupations

On the receipt of warning Wednesday afternoon from the Jacksonville office of the Weather Bureau that a hurricane was approaching Florida from Cuba, hundreds of residents of Canal Point and Pahokee hurried away to Fort Mayaca, Okeechobee or other points.

Their fear was not of wind but of water. The fear was acute at Pahokee, where there is no dike to protect from the high level of Lake Okeechobee, and less at Canal Point, where the Florida East Coast railroad grade serves as a levee against the lake.

E. W. Simmons, lockstender, boistered two flags, red with a black square from the pole at the spillway on receipt of the following message:

"Hurricane warning 10 a. m. Hurricane warnings displayed 10 a. m. Boca Grande and Punta Gorda to West Palm Beach shortly to place earth at the north side of the spillway and strengthen the structure to make earth likely to occur soon. The drag-engine will be mounted on a barge. Glenn Y. Scott of West Palm Beach, district engineer, was in Canal Point Tuesday night and Lockstender Simmons of the completed purpose.

There was only a moderate north-east wind Wednesday, late afternoon and the barometer gave no indication there would be a storm in this locality but the high level of the lake and the fearful recollection of the disaster at Moore Haven due to the lake level un-nerved many of the residents of Canal Point and Pahokee. The wind did not blow from the north but from the west and on Thursday morning was moderate. By 10 o'clock all apprehensions were allayed, and by noon practically all of the frightened people had returned to their homes. The experience made more solid the determination that the lake must not be permitted to stand at higher elevation than 17 feet during the storm season.

## BELLE GLADE

BELLE GLADE, Oct. 19.—W. H. and H. T. Smith have returned from Calhoun, Ga., where they were called by the death of a sister.

At a meeting of the Chamber of Commerce Tuesday night M. C. Eggleston, C. E. Riedel, L. T. Cerech and Walter Greer were elected as delegates to represent Belle Glade at the drainage conference at Clewiston on the 19th.

A bridge has been built over the Belle Glade-Pahokee road canal so that residents east of it and north of the Hillsboro can again get out with their cars.

The drill barge which has been working in the Hillsboro, locked out Wednesday enroute to the St. Lucie canal.

S. W. Hatt held a meeting Thursday evening to arrange for our participation in the farmers' loan. L. T. Cerech, L. C. Betner and C. E. Riedel were appointed a committee to look after local loans.

Mr. and Mrs. Wm. Thompson have returned from a business trip to Naples. They say that the storm did not do as much damage there as did the one of July 26th.

The republican candidates will hold a get-together meeting at the Belle Glade hotel next Thursday evening.

Mrs. Walter Greer has gone to Texas for a visit with a sister.

We learn that the Wm. Moore family, which left for Alabama on the Monday following the storm, beat it there. Must have felt like meeting an old friend.

Mr. and Mrs. H. T. Holloway expect to return to their home here about the middle of November.

## Another Meeting At Okeechobee Saturday

Under a call made by the Okeechobee Chamber of Commerce two weeks ago, a meeting will be held at Okeechobee Saturday, October 23, to further discuss drainage matters. Women as well as men are asked to attend.

A donation of \$200 has been received towards the relief work here. The next meeting will be held with Mrs. Clinton Coburn, November 2.

A large barge was placed in the canal in front of The Everglades News printing office this week and is being loaded with coal for Bryan & Graves dredges. The coal came in on the E. C. railroad and was trucked to the barge. William Hunt has the tugboat Levantham here to take the coal barge across the lake.

A dragline machine is due to arrive at West Palm Beach shortly to place earth at the north side of the spillway and strengthen the structure to make earth likely to occur soon. The drag-engine will be mounted on a barge. Glenn Y. Scott of West Palm Beach, district engineer, was in Canal Point Tuesday night and Lockstender Simmons of the completed purpose.

The regular church services will be held on Sunday, Sunday school, 10 a. m.; preaching services, 11 a. m.; evening service, 7:30 p. m.; prayer meeting Wednesday, 7:30 to 8 p. m.

A beautiful couple have been received from the Bible Society in New York. We have also received a donation of church hymnals from Miss Bailey, from Nashville, New York. We greatly appreciate the generosity of our friends.

A committee of the business men interested in the rebuilding of the Community Methodist Episcopal church met Sunday afternoon. A committee was appointed to submit to a building committee tentative plan for a reconstruction and ascertain his estimate on the cost. Another committee was appointed to secure property for a reconstruction for the young people of Canal Point.

The circulating library will reopen the first Monday in November and will be open every Monday and Friday afternoon thereafter from 3 to 5 p. m. in the community church building. Will all persons having books belonging to the library kindly return them? We will be very glad to receive donations of books.

Everglades Men  
It would be a good idea for the legislature to establish an Everglades commission made up of Everglades men with headquarters close to the Everglades. We have no doubt that the internal improvement board does the best it can, but no number of it has a home nearer than two hundred miles from the real Everglades, and they can't be expected to have a full understanding and interest of the situation that would naturally be possessed by men who live in the immediate vicinity of the glades.

## WOMAN'S CLUB

The Woman's Club was delightfully entertained at the home of Mrs. Walter Whitcomb on Tuesday afternoon. It was decided to devote the first meeting of the club to business and the second to social intercourse and a program. Mrs. Paltz, chairman of the relief committee, reported that three families were still being cared for and that 54 school children each week.

A donation of \$200 has been received towards the relief work here. The next meeting will be held with Mrs. Clinton Coburn, November 2.

A large barge was placed in the canal in front of The Everglades News printing office this week and is being loaded with coal for Bryan & Graves dredges. The coal came in on the E. C. railroad and was trucked to the barge. William Hunt has the tugboat Levantham here to take the coal barge across the lake.

## THE BANK'S PART IN A REGION'S GROWTH

We feel at liberty to repeat it because it is said by many interested observers: The Bank of Pahokee has been, and is a potent power in the growth of the eastern shore of Lake Okechobee.

This institution has always met its civic obligations, finding means to conserve its financial stability while supporting every public endeavor.

The business of the people of Canal Point and Pahokee is solicited and their good will is appreciated.

## PAHOKEE

Mr. and Mrs. Bishop, who live in Homestead, Fla., stopped in Pahokee Friday and Saturday with friends.

Mr. and Mrs. Perry Davis, former residents of Pahokee, have come back to stay awhile. At present they are

enjoying and boarding at the home of Mr. and Mrs. O. C. McChesney.

Mr. and Mrs. William Bloom were visitors here Monday.

Mr. and Mrs. J. S. Poland made a business trip to West Palm Beach Thursday. Mr. Poland is serving on the jury in West Palm Beach this week.

"Mrs. J. E. Cochran, Mrs. J. A. Hughes and Miss Sadie Cochran spent the day in Okechobee Saturday.

Mr. and Mrs. T. W. Cranford and baby returned from Hialeah Springs, Sunday, where Mrs. Cranford and baby have been visiting for about six weeks.

Marshall Lair returned to Clewiston Monday to continue work with the Clewiston Company.

The junior boys' Sunday school class of the Methodist church were entertained Monday night by their teacher, W. D. Tiffin at his home.

Two boys were boat riding and all got wet. Because they were having such a good time they hurried home and put dry clothes on and came back to join in the fun with the others. Ice cream was served for refreshment.

W. A. Tiffin left Tuesday for Montverde to stay with his folks till about the first of November, when the family intends to return.

Mrs. John S. Gray is spending a few days in West Palm Beach.

R. Robinson moved Saturday into Miss Lala Barfield's home.

Mr. Evans, a friend of S. A. Barfield, has been visiting with Mr. Barfield a few days.

Harry Shepard, who is working on the Port Mayaca dredge project, left last week end at home with his parents, Mr. and Mrs. Tom Shepard.

Tom Shepard made a business trip to West Palm Beach Saturday.

Ira York intends to move to West Palm Beach next week, where he will take charge of the 50-50 store, which will open October 29.

J. R. York was the visitor of his son, J. R. York, over the week end. While he was here he preached at the Baptist church Sunday.

The young people's Sunday school class of the Methodist church will have a Halloween party Friday night at the home of their teacher, Mrs. C. A. Shiver. All the young people are cordially invited to come dressed up in their home kind of mask on.

The Pahokee Woman's Club met Monday, October 18, at the home of Mrs. Tom Shepard. It was the day for the civic program, but as Mrs. L. L. Stuckey was away, a business meeting was called. Mrs. Lillian Shiver was elected secretary temporarily until Miss Mona Mae Tiffin returns. It was decided that a free dinner will be given in the yard of Mr. and Mrs. J. R. York to all the men who will come Saturday and help raise the Pahokee Woman's Club home. On November 1, Mrs. J. L. Stuckey, who is in charge of the civic committee, will have a program ready then.

J. B. Robinson made a business trip to West Palm Beach Wednesday.

J. B. Elliott, Jr., went to Sarasota on business Friday, accompanied by Thomas Elliott and Mrs. Lala and Remie Elliott. They returned Monday night.

Thomas Dickson is visiting at his home in Marianna for a while.

Children and Mrs. Bill Stuckey and children and Mrs. Stuckey's sister, Alice Padgett, spent Sunday with relatives here.

Mrs. Saffron of Kramer Island stopped in Pahokee at the home of Mrs. J. B. Elliott Tuesday on her way home after visiting in Georgia.

Cohen Blasky and Henry Moran returned last Saturday from Miami, where they have been for a few weeks.

Ralph Stallings is stopping with a crew of road men in Pahokee this week.

A radio has been recently purchased by J. B. Elliott, Jr., which he intends to put up in the Elliott & Robison garage.

W. A. Dowdy installed a small light plant in Pahokee to furnish light to the business section of the town.

Fifteen Pahokee citizens joined in with the other communities of the Everglades drainage district to formulate new plans for the drainage work. The plans will be submitted to a meeting to be held in West Palm Beach called by Governor Martin. The trip was made in the boat Lucille owned by Captain Percy Cone. Among those going from Pahokee were: W. H. Lair, O. C. McChesney, Dad Ranniger, Jim Hudson, Percy Cone, Raymond Padgett, R. J. Simmons, J. F. Waters, Bill Conhill, Charlie Dimick, Horace Redding, D. Flynn, Henry Steadham, Ernest Lindrope and C. A. Shiver.

A rat load of lumber was unloaded Monday to finish work on state dock at Fort Lauderdale. Work has been held up a few days because of the delay of material, but work will be resumed on October 29. It will take about ten days to complete the work.

The muck fill has been completed behind the sea wall at Pelican river and also at Cambers dam, but will be made still stronger as soon as the dredge arrives. The dredge is expected within ten days.

J. A. Fried and two children, Earl and Ester Fried, from Kansas, visi-

ited his brother, Frank Fried and family a few days last week. While J. A. Fried was here his mother Mrs. Adeline Schenck and his sister, Mary, came to visit. They were invited at the home of Frank Fried's family. Saturday all the crowd went to the ocean in swimming.

CITRUS CENTER IS COUNTY SEAT OF GLADES

THE BIGGEST POOL  
Some boys when they're ten think they're wise as old men. And some when they're twenty we find they think they are as wise as most any.

But they're fooled for in wisdom they're blind.

When the boys swiftly fly till four ten have gone by:

We are then only babes that must crawl.

For the blunders we make say, we're fools no mistake—

We go well for a way then we fall.

The worst fool of all is the one that doesn't fall.

For an effort he never will make And he never can say I was victor today.

His whole life has been one big mistake.

—FRANK FRIEND.

ELLIOT TO REPORT  
TALLAHASSEE, Oct. 19.—Fred C. Elliott, chief drainage engineer, returned here today after several weeks spent in repair work in the Everglades section.

Mr. Elliott reported satisfactory progress in restoring the storm section to its normal state. Most of the time the chief engineer spent in the Moore Haven section, where the flood waters are being drained away and the town returned to its condition prior to the fast coming hurricane. The engineer expressed optimism over the outcome of the work at Moore Haven, as well as in other parts of the Glades.

Mr. Elliott stated that he had accumulated a great deal of information for the board of commissioners of the Everglades drainage district, and he expected to make a verbal report with in the next day or two.

LABOR SURPLUS AT MIAMI  
A surplus of all classes of labor, both skilled and unskilled, union and non-union exists in Miami, it was announced by Leon Howe, secretary of the Dade County Bar Association, who was chairman of the labor bureau of the citizens relief committee.

BOCA RATON, Oct. 18.—Control of the Miner Development Corporation, including its assets and liabilities, was assumed yesterday by the Central Equities Corporation, composed of bankers and financiers of Chicago.

Other northern cities, when final agreements were concluded between officials of the two corporations in New York city.

Announcement was made by E. P. Hatter, an official of the Miner Development Corporation at Boca Raton, who received a telegram from New York.

Development of Boca Raton according to the original plans by Addison M. Hatter, who created the general architectural motif and who had been identified of the corporation bearing his name, will continue, Mr. Hatter said.

BRIDGE CONTRACT CUT  
TALLAHASSEE, Oct. 13.—The award of a bridge contract by the Glades county commissioners for a sum alleged to have been \$14,000 over the lowest of seven bids came under fire before the drainage district, with the result that \$7,500 was cut from the contract, the chief executive announced.

GAP IS BLOWN IN DIKE  
VELOUT, Oct. 18.—In the vicinity of the report that water was flowing through the south dike between the Indian River and the Glades drainage district, led to the discovery last week that a gap had been blown in the dike at the head of lateral B.

LET PEOPLE ELECT DRAINAGE BOARD RESIDENTS' PLAN

Continued from Page One

of Belle Glade and Howard Sharp of Canal Point.

The committee retired to an adjacent room in the hotel and transcribed a synopsis of recommendations, which had been made in the remarks from the floor during the general discussion.

The committee's report was read in full to the gathering; it was then read paragraph by paragraph, questions being asked and explanations made. Each paragraph was voted on separately. All were adopted by unanimous vote. The meeting's formal statement with explanations of the several paragraphs is printed in full in another column.

Following a statement by J. S. Cottrell of Moore Haven, a testimonial of sympathy for the Moore Haven people was adopted.

F. L. Williamson, general manager of the Clewiston Company, provided facilities for the meeting at that place. He received the delegates at the dock and directed them on to the Clewiston Inn. The rounds of the hotel proved to be large enough for the gathering of the delegates and others, constituting a large audience. The large dining room being in the adjoining room, no time was lost while luncheon was served. A room and a typewriter and a typographer were put at the disposal of the delegates and were made use of by the resolutions committee. No charge was made for the luncheon that was served to the delegates; the Clewiston Company and its courtesies, the Clewiston Company and Mr. Williamson were given thanks by unanimous vote.

Mr. Williamson's suggestion that a permanent organization be formed was adopted and was considered at the meeting which is to be held at Okechobee Saturday.

Heard began his address at 11:30 a. m. of the business was transacted and adjournment taken at 3 o'clock.
